1. Introductions of committee members were made.
2. Topics discussed on February 13, 2013 were reviewed.
3. Discussion ensued on committee's purpose and vision. Both districts looking to be proactive given the current state of political, fiscal, and demographic affairs. A tentative mission statement was created:
"To maximize scholastic and extracurricular opportunities through collaboration and sharing of district resources for the students of the Pavilion and York school districts, while being fiscally responsible to both communities."
4. Discussion on priority areas for potential sharing and other comments were shared. Both districts to publicize the Shared Services Committee and meeting dates on their websites and newsletters, beginning in the next school year. Plans need to be developed for how to roll this out to and elicit input from staff members.

Plans for sharing of athletic teams need to include input and recommendations from both districts' Athletic Directors. Any sharing will be done in pairs (one sport at each district). Will look to springboard from youth recreation programs where students are already on combined teams. No sharing of teams in the Fall of 2013. Possible sharing in the Winter of 2013 or Spring of 2014.

Can look to share extracurricular clubs, field trips, guest lecturers, assemblies, and synchronous academic courses through distance learning. Both superintendents will share calendars, course schedules, and extracurricular offerings to look for unique sharing opportunities.

5. Next meeting scheduled for April 22, 2013, 6:00 P.M., at York
