

Shared Services Meeting Notes

Date of Meeting: February 13, 2013

Present: Sarah Noble-Moag (Pavilion BOE pres.), Joe Graves (York BOE pres.), Ken Ellison (Pavilion Supt.), Dan Murray (York Supt.)

Purpose

Strategic sharing between our districts in the short-term as linked to possible longer-term outcomes.

Initial Sharing Ideas

- ❖ Athletic Teams – look to do it in pairs (i.e. Fall football at York/soccer at Pavilion; Winter volleyball at Pavilion/swimming at York; Spring tennis at York/golf at Pavilion). Get A.D.s involved in this discussion. Hold a community forum on this topic before making any changes.
- ❖ Academic Courses – may start with AP and enrichment courses. Will look into distance learning/technology solutions here. Principals and guidance counselors will need to be involved in this discussion.
- ❖ Extracurriculars – possibly have Pavilion students join Odyssey of the Mind at York. See if there are other clubs that we can share.
- ❖ Transportation, Calendars, General Staffing Plan – superintendents to sketch some ideas out.

Guiding Principles

- Keep all options on the table for discussion.
- Retirements create a natural “good time” for sharing.
- True compromise = both sides willing to give and take to create an equal partnership.

Goals

- Maintain and enhance academic and extra-curricular programs for our students.
- Reduce costs.

Next Steps

Pavilion will look to establish a Shared Services committee of three BOE members and their superintendent. This committee will meet with York’s committee on March 18, 2013 at 6:00 P.M. in Pavilion.
