

York-Pavilion

Shared Services Committee Meeting

6:00 p.m., January 21, 2014

Location: Pavilion High School- Superintendent's Conference Room

Present: Ed Orman Jr., Steve Beardsley, Dan Murray, Dave Sperino, Jim Sattora, Mike Bradley, Jeff Finch, and Ken Ellison

Meeting Notes:

1. Athletic opportunities moving forward- Athletic Directors presented. Given the success of the shared Pavilion-York Wrestling team the committee will continue to review athletic sharing when appropriate. Data shared by Mr. Orman and Mr. Sattora indicated that student athlete numbers are low at the modified level in boys soccer and football. The committee agreed that a mutual share of football and soccer at the modified level would be advantageous for both districts. This recommendation shall be shared with the full Boards of Education in each district in March with the goal of a fall 2014 implementation.
2. Draft minutes and community communication document- Minutes from the December 17th meeting were distributed. In addition, a draft community information letter was reviewed. The letter will communicate relevant information regarding our efforts to share services between Pavilion and York.
3. Begin discussion of other potential areas to share- The committee will review other areas in the coming months. The goal will continue to be preserving and/or creating opportunities for our students.
